### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael G. Voorhees on 04 May 2006. Rather than entering the after final amendment of 02 May 2006, the changes of the after final amendment are incorporated into the following examiner's amendment because the after final amendment did not comply with 37 CFR 1.121(c).

The application has been amended as follows:

Claims 4, 10-12 and 18 were canceled.

2. The following is an examiner's statement of reasons for allowance: The closest prior art is Holley et al. (US 5,580,170). The examiner agrees with applicant's remarks filed 03 January 2006 as to the non-obviousness of the differences between Holley ('170) and independent claims 13 and 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
